CANDIDATE PROFILE

MURALIKRISHNAN S

QA Automation Engineer with 2+ years of hands-on experience in Java Automation Testing.

MATCH SIGNAL

0.70

relevance score · rank #2

2+ years of Selenium automation, slightly below target but still relevant

AI-generated fit summary

Muralikrishnan S is a QA Automation Engineer with over 2 years of hands-on Java Selenium automation experience. He is skilled in API testing, Postman, SQL, and GitHub. Although his experience is slightly below the 3-year target, his relevant Selenium expertise makes him a strong candidate for a Selenium automation engineer role.
